PREMIUM CUSTODIANSHIP & HOMESTAY SERVICES

🏠 Custodianship Set-up & Homestay Placement (One-Time)

Documentation is prepared to prove that a named Custodian has been appointed to an unaccompanied minor-aged student who intends to study in Canada. This documentation is required by Immigration, Refugees & Citizenship Canada (IRCC).

Based on each student's pre-determined needs, Canadian host families are carefully screened for suitability and then assigned to each incoming student. A host family profile is then forwarded for review prior to a student's anticipated arrival.

🏠 Homestay Full Board Accommodation (5 months or 10 months)

Homestay accommodation includes three basic meals per day (breakfast, lunch and dinner); a private furnished bedroom; the use of telephone (long distance charges not included); and the use of in-house laundry facilities. Students will also have access to high speed internet within their bedroom (Additional fees for video streaming may apply). Students must supply their own laptop and other accessories.

🏠 Specialty Meal Enhancement (5 months or 10 months)

Occasionally students require meals based on very specific dietary and/or medical needs. As most specialty diets are significantly more costly a meal enhancement fee will be assessed in these situations. Unless medically necessary, special diets cannot be introduced or adjusted once a student has begun their study abroad program.

🏠 Monitored Custodial Guardianship Fee (5 months or 10 months)

Unaccompanied minor-aged students studying in Canada must have a named Custodian who ensures the student is receiving ongoing care and support. Upon arrival an assigned Custodian Representative meets regularly with the student to assist with academic and non-academic issues and responds to unanticipated emergency situations when an assigned FCI host family is unavailable.

OTHER PREMIUM SUPPORT SERVICES

🏠 Airport Transportation Services (Per Occurrence)

Chauffeured transportation from the airport to either the student's assigned homestay residence or to a pre-arranged centralized drop-off area to meet the assigned host family.

🏠 Day Trip and Overnight Sightseeing Excursions

Each semester a number of chaperoned student excursions are planned to enhance the study abroad experience for international secondary school students. Participation in these excursions is optional. More information is available early each semester.

As our main service, we provide homestay (including meals) and roomstay (not-including meals) placements with Canadian host families. Based on our student's criteria and expectations, we try to find the best-fitting; most appropriate host family for him/her so that his/her experience at home with a Canadian family will be as joyful as his/her experience outside. Most of our host families have been working with us for over 15 years and most of them have experience in hosting students for even longer time. We constantly add new host families to our portfolio, and we are regularly in touch with our host families, carrying our students' feedback to them and making sure that they continue keeping up with the same standards.

After our placement, our students can still consult us with other questions they might have, and we will be more than happy to help them. We also encourage them to give us their feedback and to let us know if we can do anything to make their stay in Canada more worthwhile. After all, we believe that a happy and satisfied client is the best result a business can have.

With over 16 years of experience in this business, we have a great reputation in what we do. We believe in quality service and we deliver what we promise.
